Lead Paragraph: LONDON and RALEIGH, N.C., May 02, 2023 (GLOBE NEWSWIRE) -- Verona Pharma plc (Nasdaq: VRNA) (“Verona Pharma” or the “Company”), a clinical-stage biopharmaceutical company focused on respiratory diseases, announces 12 abstracts, including a mini symposium, and a clinical trials symposium, on additional analyses from its successful Phase 3 ENHANCE studies with ensifentrine for the treatment of chronic obstructive pulmonary disease (“COPD”) have been accepted by the American Thoracic Society International Conference (“ATS”) 2023. An overview of the ENHANCE trial results will be presented as part of the clinical trials symposium ‘Breaking News: Clinical Trial Results in Pulmonary Medicine’ reserved for highlighting new breakthroughs. The abstracts are published on the ATS website and in the publication, *American Journal of Respiratory and Critical Care Medicine*. Verona Pharma will host a webcast and conference call on Tuesday, May 23, 2023, to review these data.
